

Specification Sheet

Part Number: 181-00641

Narrow fingers reduce fanning of wires to terminal blocks, providing a neater appearance.

Each finger features a double restriction to hold wires in the bottom portion of the duct, simplifying installation.

Mounting holes are uniform in size to those in slotted and solid wall duct but are provided every two inches to accommodate compact designs and provide ease of installation.

Nonpermanent adhesive allows repositioning prior to final installation.
