Pink and Purple Braided USB A to Micro B Cable - 2 meter long

PRODUCT ID: 4148

This cable is super-fashionable with a woven pink and purple Blinka-like pattern!

First let's talk about the cover and over-molding. We got these in custom colors, and if you *have* to have visible cables, then you might as well have the nicest fabric-bound cable with a eye-catching python pattern. Perfect for connecting to your PyPortal, Circuit Playground Express, Raspberry Pi, CircuitPython board among other things.
Basically, have something with a microUSB port? This will work, and it's 2 meters / 6.5 feet long.

We also carry a one meter long version of this USB cable! Granted, it's a little shorter, but it's fully reversible!

TECHNICAL DETAILS

Cable diameter: approx 3.5mm
