Save time and money
Create precise, easy-to-read labels without the need of cartridges, ribbons, and toners thanks to direct thermal printing.

Labelled great for businesses
Prints accurate, professional shipping labels for popular eCommerce sellers and shipping platforms like Amazon, UPS, ShipStation, Shopify, and more.

Effortless setup
Start generating labels after a quick, simple installation. Feed labels through the back of the printer, connect the printer to your PC or Mac, install the driver, and you're ready to go.

One device for all labels
Compatible with a variety of direct thermal labels so you can create mailing labels, gift tags, shipping labels, warehouse labels, identification stickers, and more.

Prints fast & easy
Designed with efficiency and speed in mind so you can make dozens of labels in one smooth, swift process.

Help is just one click away
