

## KBP 800 RGB

- 5 Core Extended Large RGB Gaming Mouse Pad - 12 Light Modes Extended Computer Keyboard Mat with Durable Stitched Edges and Non-Slip Rubber Base, High-Performance Mouse Pad Optimized for Gamer 31.5 X 11.8 X 0.1 inches
  - 12 RGB Light Modes & Extended Large Size: This extra-thick RGB gaming mouse pad features 12 different light modes, the light is bright but not deter from viewing the monitor. The size of 31.5 X 11.8 X 0.1 inches fit your mouse and keyboard perfectly and still have a large amount of movement space.
  - Superfine Smooth Cloth Surface & Ultimate Precision: The Superfine Smooth Cloth surface enhances in-game response to ensure that every mouse movement translates into cursor movement, allowing you to enjoy the ultimate precision in the most passionate game.
  - Plug and Play: Powered by USB and no driver required. One control button makes switching backlight colors and turning off effortlessly. 10 million click lifespan enables it to last at least 10 years of use.
  - High Quality: Made of high elasticity natural rubber, this mouse mat is non-toxic and has no hazardous substances, safe for use. Anti-slip base can firmly grip your desktop and nylon stitched edges make the pad much more durable and longer lasting. Easily roll up the mouse pad without getting wrinkles or creases.
  - 30-Day Money Back & Lifetime Quality Assurance: We Stand Behind Our Quality! If for any reason you are not entirely happy, CONTACT US directly, we will replace or return your order with no question asked. BUY WITH 100% CONFIDENCE!
