

Protect and organize your wires and cables with nylon wire loom from Remington Industries. Corrugated sleeving is commonly used as a cover for wiring harnesses in automotive, marine, and industrial applications, but it is also very practical for use in managing cables in home and office settings. Rated for continuous use at up to 125°C (257°F), the black wire loom tubing comes pre-split to allow for easier installation and maintenance. Additionally, the corrugated heat-stabilized nylon that it is made of provides high impact & chemical resistance while remaining flexible.

This protective sleeving is available in five diameter sizes and several cut lengths to best suit your application. For a more cost effective sleeving, see our [85°C \(185°F\) polyethylene wire loom](#). Or, if you are looking for a complete wiring assembly or other custom options, feel free to request our custom services to get components tailored to your project.

- Type: Wire Loom (Convuluted Tubing), Split
- Material: Heat Stabilized Nylon 6 (PA6), Black with Gray Stripe
- Temperature Rating: -40°C (-40°F) to 125°C (257°F)
 - Short Term Rating (<168 hours): 150°C (302°F)
 - Flammability Rating: FMVSS 302
- Specifications Met:
 - Ford: ES-XU5T-14A099-AA (125°C) - Ford: WSS-M4D933-A1
 - Delphi: M5648 - Delphi: M5085
- REACH, RoHS, & TSCA Compliant
- Available in cut lengths from 1 ft (0.30 m) to 1,000 ft (304.80 m)

Nylon Wire Loom Split Data Sheet

Remington Industries is proud to offer our Custom Wire Services

Our exclusive inventory of in-stock wire and ability to procure wire of all kinds makes us the perfect partner for wire purchasing and custom wire services. We are proud to provide essential, high quality wire for engineering projects, educational science projects, coil winding, and electronics applications.

Some of our many wire services include the following:

- Wire Re-Packaging
- Bifilar & Trifilar Windings
- Wire Processing
- Coil Winding
- Wire Procurement Services

If you have any questions or need any information about our [Wire Services](#), feel free to contact us! It only takes one call to get experienced assistance.
