

Industrial Standard cable

PLC cable

available to meet Industry 4.0 automation control equipment. Can be used at PLC module to Terminal Block connection. We can customize PLC Terminal series cable for user's requirements.

Technical Data

1.Cable 28AWG 25 Twisted Pair, 100 OHM Balanced Color BEIGE 1000MM

2. A6CON5 Connector 40Points (Bere Wire Type) 1PCS

4.IDC 40Points 1PCS

Label 1PCS

6.Heat SHRINK BLACK TUBE 2PCS

Length 1M

Part Number PZBEJA010-0004

Application

Industry 4.0 Automation Control Equipment.

CC-link & EtherCAT PLC module

Positioning module

High-speed counter series

Servo motor

CPU module.

PLC cable
