

Description

- High quality, black anodized aluminum long "C" bracket
- Designed for Lynxmotion Servo Erector Set V2 Building System
- Useful for making your own robotic arms and legs
- Openings for routing cables and cable clips

The Lynxmotion SES Aluminum Long C Bracket v2 is an evolution of the Lynxmotion ASB-10 aluminum bracket which includes the new v2 and v2b mounting patterns, as well as cutouts to pass wires and connect cable clips. Unlike the short C bracket, the long C bracket can pass entirely around the Lynxmotion Smart Servo case.

What's Included

- 1x Aluminum Long C Bracket v2
- Mounting hardware
