

## Two-Point Resistance Checker Item # AM30600

As a standalone unit, our AM30600 handheld Two-Point Resistance Checker offers an all-in-one solution for those requiring resistance readings in small areas, but do not want to encumber themselves with added wires or a megohmmeter. Portable and lightweight, this indicator is perfect for testing ESD packaging with nooks and recesses or any part on the assembly line that is too small for five-pound electrodes. The metal spring-loaded pogo pins may be used with or without conductive rubber boots. The LED logarithmic scale is quick and easy to read and evaluate.

### Ideal for the following applications:

- ESD packaging and trays
- IC tubes and DIP packaging
- Maintenance checks
- Quality control and inspection

Includes tester, two pairs of pins,  
one set of rubber boots, and calibration certificate

### FEATURES

- Color LED display segments
- Measuring range:  $10^3$  -  $10^{12}$  ohms
- Measures 0.5" wide
- Conductive pogo pins
- Dimensions: 2.8" x 5.1" x 1.4"
- Made in USA
