FLEXON™ Flexxon Pte Ltd is the next-generation AI cybersecurity company headquartered in Singapore. It specialises in standard or customized products and solutions to serve a wide spectrum of industries with a key focus on Cybersecurity, Industrial, Medical, and Automotive (C.I.M.A) applications. Flexxon has worked with more than a hundred clients on the global scale to deliver high-performance and reliable cybersecurity solutions that serve as a custodian to their critical data. As Flexxon continues to make significant strides, we have launched X-PHY® to serve as the last line of defense for sensitive data and be an enabler for organisations to upskill and digitise safely.
