SIEMENS

Data sheet

key-operated switch Siemens, 22 mm, round, metal, shiny, lock number SSG10, with 2 keys, 2 switch positions O-I, latching, actuating angle 90°, 10:30h/13:30h, key removal O, with laser labeling, inscription or symbol customer-specific selection with SIRIUS ACT configurator (CIN)

product designation design of the product product type designation product line manufacturer's article number of included key Actuator principle of operation of the actuating element product extension optional light source color
product type designation product line Metal, shiny, 22 mm Manufacturer's article number of included key Actuator principle of operation of the actuating element product extension optional light source of the actuating element material of the actuating element shape of the actuating element marking of the actuating element marking of the actuating element marking of the actuating element marking of the actuating element marking of the actuating element configurator/Configuration Identification Number (CIN) number of switching positions switch position for key distraction actuating angle oclockwise lock make sey number Front ring product component front ring design of the front ring Standard
product line manufacturer's article number of included key Actuator principle of operation of the actuating element product extension optional light source color
manufacturer's article number of included key Actuator principle of operation of the actuating element product extension optional light source of the actuating element silver material of the actuating element metal shape of the actuating element shape of the actuating element arking of the actuating element arkin
Principle of operation of the actuating element product extension optional light source of the actuating element material of the actuating element shape of the actuating element marking of the optional signature of switching positions switch position for key distraction actuating angle oclockwise lock make key number Product component front ring product component front ring product component front ring Standard
principle of operation of the actuating element product extension optional light source No color of the actuating element material of the actuating element shape of the actuating element shape of the actuating element warking of the actuating element marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configurator/Configuration Identification Number (CIN) number of switching positions switch position for key distraction actuating angle oclockwise lock make key number Front ring product component front ring design of the front ring Standard
product extension optional light source color of the actuating element material of the actuating element shape of the actuating element couter diameter of the actuating element marking of the actuating element marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configurator/Configuration Identification Number (CIN) number of switching positions switch position for key distraction actuating angle oclockwise lock make key number Front ring product component front ring design of the front ring Standard
color of the actuating element
of the actuating element material of the actuating element shape of the actuating element Mey outer diameter of the actuating element marking of the actuating element marking of the actuating element marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configurator/Configuration Identification Number (CIN) number of switching positions switch position for key distraction actuating angle ● clockwise 90° lock make key number SSG10 Front ring product component front ring Yes design of the front ring Standard
material of the actuating element metal shape of the actuating element Key outer diameter of the actuating element 29.5 mm marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configuration Identification Number (CIN) number of switching positions 2 switch position for key distraction O actuating angle 90° lock make Siemens key number SSG10 Front ring Yes design of the front ring Standard
shape of the actuating element Key outer diameter of the actuating element 29.5 mm marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configurator/Configuration Identification Number (CIN) number of switching positions 2 switch position for key distraction O actuating angle 90° lock make Siemens key number SSG10 Front ring Yes design of the front ring Standard
outer diameter of the actuating element 29.5 mm marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configuration Identification Number (CIN) number of switching positions 2 switch position for key distraction O actuating angle 90° lock make Siemens key number SSG10 Front ring Yes design of the front ring Standard
marking of the actuating element Any inscription, text or symbol, can only be ordered via SIRIUS ACT configurator/Configuration Identification Number (CIN) number of switching positions switch position for key distraction actuating angle • clockwise 90° lock make Siemens key number Front ring product component front ring design of the front ring Standard
configurator/Configuration Identification Number (CIN) number of switching positions switch position for key distraction actuating angle • clockwise 90° lock make Siemens key number SSG10 Front ring product component front ring design of the front ring Standard
switch position for key distraction actuating angle • clockwise lock make key number Front ring product component front ring design of the front ring Switch position for key distraction O Siemens Siemens Yes Standard
actuating angle
lock make Siemens key number SSG10 Front ring product component front ring design of the front ring Standard
key number SSG10 Front ring Yes product component front ring Yes design of the front ring Standard
Front ring product component front ring design of the front ring Standard
product component front ring design of the front ring Standard
design of the front ring Standard
material of the front ring
material of the front ring Metal, high gloss
color of the front ring silver
General technical data
protection class IP IP66, IP67, IP69(IP69K)
• of the terminal IP20
degree of protection NEMA rating 1, 2, 3, 3R, 4, 4X, 12, 13
shock resistance
• according to IEC 60068-2-27 sinusoidal half-wave 15g / 11 ms
vibration resistance
• according to IEC 60068-2-6 10 500 Hz: 5g
operating frequency maximum 1 800 1/h
mechanical service life (switching cycles) typical 300 000
reference code according to IEC 81346-2
Substance Prohibitance (Date) 10/01/2014

Safety related data	
B10 value with high demand rate according to SN 31920	100 000
proportion of dangerous failures	
 with low demand rate according to SN 31920 	20 %
with high demand rate according to SN 31920	20 %
failure rate [FIT] with low demand rate according to SN 31920	100 FIT
Ambient conditions	
ambient temperature	
 during operation 	-25 +70 °C
during storage	-40 +80 °C
environmental category during operation according to IEC 60721	3M6, 3S2, 3B2, 3C3, 3K6 (with relative air humidity of 10 95%)
Installation/ mounting/ dimensions	
height	29.5 mm
width	29.5 mm
shape of the installation opening	round
mounting diameter	22.3 mm
positive tolerance of installation diameter	0.4 mm
mounting height	61 mm
installation width	29.5 mm
installation depth	25.4 mm
Certificates/ approvals
