

Visual TFT AI (Floating License)

PID: MIKROE-4076

Visual TFT Floating Licenses are not tied to individual computers/users. You don't have to buy a compiler license for each person who will use it. The number of licenses you own only defines how many compiler copies can be in active use at the same time. Available for Windows, Linux or MacOS computer.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
ISO 14001: 2015 certification of environmental management system.
OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).

Specifications

License type	Electronic (virtual)
license-description	Quantity represents number of computers affecting floating license
