

# CLIFF

## DUST COVERS

This range of dust covers are designed to fit **CLIFF** Feedthrough connectors. There are dedicated covers for RJ45, USB2/3-A, USB2-B, USB3-B, USB-C, HDMI and Toslink. They simply push into the front of the connector to reduce ingress of dust and dirt. There is a small hole in the front to allow covers to be tied together if necessary. We also supply separate lanyards. Total of 7 models. Suitable for standard and slim type feedthroughs. Black or white available in most models.

**Part No.**  
**CP30291** - DUST COVER FOR RJ45 - BLACK
