

Inductors for power circuits Thin-film metal magnetic material **PLE** series

PLEA67B type

FEATURES

- Thin-film power inductor based on the thin-film processing techniques and metallic magnetic materials.
- Oue to the high magnetic permeability magnetic material, it has both high inductance of 2.2uH and low DC resistance in spite of its small size of 1006 (L1.0xW0.6xT0.7mm).
- The low-loss magnetic material makes it possible to achieve low AC loss and provide a highly efficient power supply circuit in solutions that emphasize AC loss.

APPLICATION

- Wearable product (wireless earphones and smart watch), small power supply module and low power consumption communication module of Bluetooth Low Energy
- O Application guides: TWS (True Wireless Stereo)

^{*} Rated current: smaller value of either Isat or Itemp.

Isat: When based on the inductance change rate (30% below the initial L value)

Itemp: When based on the temperature increase (temperature increase of 40°C by self heating)

REMINDERS FOR USING THESE PRODUCTS

Before using these products, be sure to request the delivery specifications.

SAFETY REMINDERS

Please pay sufficient attention to the warnings for safe designing when using this products.

- (1) Aerospace/aviation equipment
- (2) Transportation equipment (cars, electric trains, ships, etc.)
- (3) Medical equipment

person or property.

(4) Power-generation control equipment

set forth in the each catalog, please contact us.

- (5) Atomic energy-related equipment
- (6) Seabed equipment
- (7) Transportation control equipment

- (8) Public information-processing equipment
- (9) Military equipment
- (10) Electric heating apparatus, burning equipment
- (11) Disaster prevention/crime prevention equipment
- (12) Safety equipment
- (13) Other applications that are not considered general-purpose applications

When designing your equipment even for general-purpose applications, you are kindly requested to take into consideration securing protection circuit/device or providing backup circuits in your equipment.

If you intend to use the products in the applications listed below or if you have special requirements exceeding the range or conditions
