

## Connection Requirement

Passive adapter requires connected source device to have a DP++ port that allows HDMI and DVI signals to be passed through. Check your device's manual for compatibility. Not for use with MST hubs. For MST hub compatibility, use a DisplayPort 1.2 compliant unit, such as P137-06N-DVI-V2.

## Keyspan Mini DisplayPort to DVI Adapter, Video Converter for Mac/PC, Black (M/F), 6-in. (15.24 cm)

MODEL NUMBER: P137-06N-DVIB

mDP to DVI adapter connects a DVI monitor to the Mini DisplayPort port on your laptop, MacBook, Chromebook or Surface.

## Features

**More Convenient, Less Expensive Way to Watch 1080p Video** This Keyspan® Mini DisplayPort to DVI cable connects the Mini DisplayPort, Thunderbolt 1 or Thunderbolt 2 port on your laptop, MacBook, Chromebook, Ultrabook, notebook or Microsoft Surface to a DVI monitor, projector or television. It features a male mDP connector and a female DVI connector, allowing you to use your existing DVI display and DVI cable to transmit video signals without the expense of buying a new mDP display.

**Outstanding 1080p Picture Quality** Ideal for digital signage or displaying video in a conference room, lecture hall or home theater, this mDP to DVI cable supports DVI single-link computer video resolutions up to 1920 x 1200, and high-definition resolutions up to 1080p.

**Passive Adapter Requires DisplayPort++** Because the P137-06N-DVIB is a passive adapter, the connected laptop, tablet or computer must have a DP++ port. This allows HDMI and DVI signals to be passed through. Check your source device's manual for compatibility.

**Ready to Use Right Out of the Package** The plug-and-play mDP to DVI cable requires no software, drivers or external power and works with both Windows and Mac operating systems. The six-inch cable fits easily into a briefcase or laptop bag for connecting on the go.

**3-Year Warranty and Environmentally Responsible Design** The P137-06N-DVIB comes with a 3-year warranty. It's manufactured in compliance with strict RoHS specifications.
