

HDMI Send/Receive Pass-Through Wallplate, White (F/F)

MODEL NUMBER: **P166-001-P**

Highlights

- Feed Through HDMI Wallplate
- Helps keep Home Theater installations clean
- HDMI v1.3 and HDCP compliant

Package Includes

- HDMI Send/Receive Pass-Through Wallplate

Description

With this HDMI Send/Receive Pass-Through Wallplate, you can now hide that HDMI cable that's connected to the HDTV hanging on the wall by running the cable behind the wall and into the back of the face plate. Then connect a cable from your DVR or satellite/cable box into the front of the face plate with no unsightly cable dangling down from your TV. If your DVR or box is located a long distance from the HDTV, use P166-001-A active wall plate with signal booster.

Features

- Cleans up Home Theater installations by hiding HDMI Cables
- Simple Feed-Through design
- Standard electrical outlet size
- HDMI Female/Female connection
- HDMI v1.3 and HDCP Compliant
