

W100PG

Product no.: W100PG

Benefits

- › Weller® Heavy Duty Soldering Iron, 100W, 120V
- › Uses Weller "closed loop" method of controlling maximum tip temperature
- › Portable line voltage iron - no base station required
- › Stainless steel modular plug-in heater, greater efficiency & versatility
- › Temperature is controlled by tip-600°F, 700°F, and 800°F tips available
- › Nominal heat-up time with 700°F tip is 110 seconds
- › Three-wire grounded cord set
- › Uses CT6 series tips
- › Heating element type: Nichrome wound, plug in
- › UL and cUL listed

Technical Data

Active Tip heating element technology	---
Power Response heating element technology	---
Silver Line heating element technology	---
Voltage	120 V
Power	100 W
Tip range	CT6F7
Supply unit	---
WX-compatible	---
Temperature range °C	---
Temperature range °F	---
Heating time	---
Safety rest	---
Safety rest (optional)	---
Barrel	---
Integrated direct extraction	---
